Every plant/vegetation is unique including plants of the same varieties on the same property and/or different property. Factors including but not limited to each plants health include watering schedule, sunlight, and fertilizer and play vital role of the strength of plant/vegetation.

10) Indemnification by Customer: Customer shall indemnify, defend, and hold Home Care Pressure Cleaning, LLC harmless from and against any loss, injury, cost, claim, or damage of any kind (including reasonable attorney's fees) by Customer or third parties caused to, or suffered by, any persons, personal property, or the premises in connection with the services performed by Home Care Pressure Cleaning, LLC as referenced in the above quotation of services, except as it relates to Home Care Pressure Cleaning, LLC's own intentional, wanton and willful, or gross negligent conduct.

11) Stains: Some stains cannot be removed by power washing rust, gum, oil or other vehicle fluids, artillery fungus, splatters from stains and paints are examples of materials that cannot be removed by conventional means. We make every attempt to point these areas out to the customer when quoting the project. Sometimes these stains cannot be removed at all. Rust, Chimney soot, paint oxidation, graffiti and tar stain removal are examples of stains that will incur an additional charge.

12) Home Care Pressure Cleaning, LLC expects your property to be in good repair and weather tight. This includes, but is not limited to, all electrical service, including receptacles and light fixtures, doors, and windows. Home Care Pressure Cleaning, LLC is not responsible for damages as a result of water or chemical infiltration from poor or improper installation, maintenance, repair, or replacement of electrical related items or doors or windows.

13) Color and Tone Concerns: The properties and species of wood, vinyl, stucco, metals and any other surfaces as well as age and weather can greatly affect the resulting color or tone of the stain or paint. Note: Variances may occur on individual boards as well as the total project, as densities and other characteristics vary across and throughout the wood, vinyl, stucco, metals and any other surfaces. Home Care Pressure Cleaning, LLC and its associates attempt to represent final finish color and tones as best as possible. While we can often give you an idea of the overall color or tone you must expect some variance in the overall finish. In every aluminum siding case, and in some cases with vinyl, brick, stucco, metals and any other surfaces and siding, the sun and weather will bleach the color or cause fading. Power washing, which entails removal of chalky, gritty, or failing surface materials may cause the faded aspects of the vinyl or aluminum to stand out. Home Care Pressure Cleaning, LLC utilizes chemicals including but not limited to Sodium Hypochlorite, Hydrogen Peroxide, and other acids. Our chemicals are designed to remove organic materials such as mold, algae, and fungus. Some pigments in paint, stains, and other coatings are made from organic material; although uncommon the chemicals in our cleaning processes

can react negatively which can degrade, alter or destroy the coatings and surface. Home Care Pressure Cleaning, LLC assumes no liability or responsibility whatsoever for these conditions.
